Welcome

Take your adventure to the Northwoods this year. A place where you can truly unplug and relax. Whether you're looking for a quiet day on the lake, a peaceful bike ride or a place to create memories that will last a lifetime. Sayner-Star Lake is the place for you.

Connected by seven-miles of photo worthy Northwoods beauty, Sayner and Star Lake run along rustic HWY N and HWY K making up the Town of Plum Lake. Natural beauty, generations of history, breathtaking trails, inviting restaurants bring together the small town charm that is Sayner-Star Lake. There's a vast History to be discovered with immigrant settlers finding a prosperous logging area, resorts bringing vacationers to the Northwoods and "the Birthplace of the Snowmobile". Our surroundings area is covered in State parks and national forests providing access to camping, hiking and non-motorized lakes.

Every season brings an experience to share in Sayner-Star Lake, whether hiking in the spring, having a lake day in the summer, fishing in the fall or snowmobiling in winter, you will find the quiet you're craving away from the day to day, while creating memories with your loved ones that will last a lifetime. Whether you're looking for a quick getaway, a summer vacation, fall ride, winter snowmobile trip or family reunion Sayner-Star Lake has it all.

It's time to plan that adventure with a vacation to Sayner-Star Lake today- a vacation you'll want to repeat again and again.

FEASTS AND FAMOUSLY GREAT TIMES

The good times roll year-round in downtown Sayner at the Sayner Pub, a full-service sports bar offering a complete menu of sandwiches, salads, pizzas, and burgers and specialty drinks. Established in 1945, the Sayner Pub is known for its famous 22-ounce homemade Bloody Marys with delectable garnish and hand muddled Old Fashioneds. In addition, the pub's pizza has put Sayner on the map and according to the new Sayner Pub owner, Taylor Klingaman, he doesn't intend to change the secret recipe anytime soon.

Taylor, the proprietor bought his "dream job" in the fall of 2022. Just like many Sayner Pub goers, the famous northwoods sports bar holds a sentimental value to him. "I grew up coming here as a kid waterskiing for the Plum Ski-ers during the summers and got my first job at the Sayner Pub working in the kitchen. I eventually moved up north to work at the Sayner Pub full-time and had the goal of one day buying the Pub."

Taylor has continued to hold on to the Sayner Pub traditions offering live music on Wednesday night in the summer and having the best sports bar atmosphere by providing several flat screen televisions to keep sports fans up to date on their favorite teams year round. "Just like Eric, I love sports and have played them my whole life. We never miss a game and we always have a great time at the Pub cheering on our teams."

Just around the corner, The Hillside Tavern & Grill is another place where patrons can watch a good game or pre dinner cocktail in the newly remodeled bar before drifting into the dining room. Think a cozy cross between two Midwest favorites, a classic supper club and an up north tavern. The Hillside Tavern is sure to please everyone! Patrons can even enjoy a bite to eat from the deck in the warmer months.

Proudly serving Vinchi's famous recipes for thin-crust pizza and ribs, The Hillside Tavern & Grill also offers a complete dinner menu, which includes a trip to the soup and salad bar. The current owners have carried on the tradition of great food, with an emphasis on fresh, quality ingredients. Much of their food is made from scratch, and many with local ingredients. Each pizza is homemade, rolled daily, and topped with their own pizza sauce, Grande cheese, and cooked fresh to order to get their famous thin, crispy, crust. Menu items also include specialty sandwiches, such as the 8-ounce Italian sausage patty sandwich (Vinch Burger), the Cuban Sandwich, and a monster meatball Sandwich. Of course, check out the Friday Fish Fry options too. Located at Snowmobile Pit Stop #38, Hillside is open year-round, closed Tuesdays and Wednesdays.

Down the road is Mar-Li's Bar, which was recommended by Travel Wisconsin as one of 10 Northwoods hot spots for a fish fry dinner. Also recognized by local Channel 12, Mar-Li's Fish Fry offers German and American potato salad and haddock served three ways! The

Fisherman's Platter offers a mix of the deep-fried, baked, and lemon-pepper haddock all together. No matter your Friday favorite, you're sure to have a great meal at this local meetup.

Furthermore, daily dinner specials also draw the crowds, and the biggest crowd-pleasers are the restaurant's Broasted Chicken, BBO Ribs, and Loaded Bomber, a slow-roasted beef sandwich. There's a variety of delicious sandwiches and appetizers for those looking for something on the lighter side. Drink specials from Mar-Li's full-service bar, such as a fully-dressed, 24-ounce Bloody Mary, are also popular favorites at this newly remodeled historic restaurant. Open Wednesday through Monday at 4pm, closed Tuesday, stop by for dinner with friends or call Marli's for takeout today.

Heading South from Sayner you'll find Murmuring Waters Lodge.

This hidden gem isn't a secret anymore located on Lost Lake in Saint Germain; you'll find it tucked in amongst the tall pines formally part of a resort. If you're looking for a small rustic bar feel, look no further. Murmuring Waters Lodge or as the locals call it "the Murm" is a popular favorite for the locals and a must-stop for the weekend tourist. Famously known for their Fish Fry Friday, whether you favor the traditional cod fish fry, fresh lake perch fried or you prefer to try something with a little more zing like the Bronzed Cajun Catfish you can't go wrong with a Murm fish fry.

Tim is the current owner of this historic gem. He has featured daily and nightly specials throughout the year. Whether you're coming off the lake for a cocktail and a burger, you're out for date night for Saturday prime rib or you're coming off the snowmobile trails with your kids for some deep-fried appetizers the Murm is a must-stop for all. Located on the ATV/UTV trail and Pit Stop #42. Open daily at 11 am, closed Wednesdays.

Down the road a little further you'll find Clearview Supper Club.

If you're looking for an authentic traditional supper club Clearview is the place. The Fath Family welcomes you to their nostalgic Northwoods lodge overlooking Big St. Germain Lake. Clearview was established in 1918 and the tradition of great food continues today! With a menu that can please any palette offering mouthwatering entrees from beef medallions and ravioli, steak to Friday night Fish Fry, and Saturday night Prime Rib you'll want to come back with your family again and again.

If you're looking for good conversation stop at the bar and grab a cocktail, you can't go wrong with an Old Fashioned. Looking for dessert? Grab an after-dinner ice cream drink, the Grasshopper sure is delicious. It's always a good idea to call and make a reservation. Open Wednesday through Saturday at 4 pm.

Another favorite establishment for foodies is **The Corner Store in Sayner**, where huge scoops of ice cream, shakes, and sundaes delight parents and children alike.

Not only is the ice cream a must, but patrons love the laid-back atmosphere – place your order at a walk-up window and relax with a cone around picnic tables inside or outside. And, instead of having to run out of town for milk, bread, and other necessities such as firewood or other camping supplies, customers can stay close to home and purchase groceries and camping and fishing supplies at The Corner Store.

Just a little further down the road in Star Lake, homemade is the name of the game at Stillwaters. Kelley Pace the new owner of Stillwaters, prides himself on offering traditional Italian family recipes to patrons who travel from miles around to dine at this unique establishment. "One of our most popular requests is for our Sicilian Walleye," says Pace. "It's an old family recipe that was passed down from the previous owners and is so well-loved, even people who don't like fish love it."

Other Stillwaters dinner specialties include a 14-ounce Aged Black Angus Ribeye Steak, Pizza, Friday All You-Can-Eat Fish Fry, Baked Cold Water Alaska Cod, Homemade Meatloaf, and Chuck's Homemade Pasta and Meatballs. There's no doubt, this is a classic Friday hot spot for Fish Fry, and a great stop along the snowmobile trail in the winter. Stillwaters, located on Star Lake's Highway K at Snowmobile Pit Stop #35, is open year-round, offers carry-out orders, and features outdoor dining in the summer. Call for seasonal hours!

Looking for your caffeine fix look no further than Northern Highland Coffee Company. Located right in downtown Sayner come on in for a great cup of coffee - or "Not Coffee" - soak up the atmosphere, and enjoy conversations with friends! This cozy space offers a great meeting place and a sense of community for locals and tourists. What started as a dream has now become a local favorite.

SPECIALTY SHOPS DOWNTOWN

In Sayner, first head to **Cre-ate**, the newest shop in town. You'll find a store with a tasteful twist. Cre-ate offers an ever-changing array of merchandise, from beautifully handcrafted one-of-a-kind arts to casual and fun loungewear, and even custom-designed apparel the entire family will love.

"It has been so much fun becoming a part of the community," says Cre-ate's owner, Helen Bryner. "I appreciate all of the support and really enjoy hearing what my customers are hoping to see in the store."

Next, walk a couple of doors down to **Traditions** to find a wide selection of items that depart from the average "Northwoods flavor." Traditions is a full-service gift and home furnishings boutique offering a wide selection, frequently updated with new, fashionable lines from suppliers on the cutting edge.

"Traditions is my creative outlet, and quite frankly, every new season is a reason to bring in new merchandise and recreate the store with exciting new displays," says Jessica Drallmeier, owner of Traditions. "It's exactly what my customers like and why they keep coming back."

If hands-on crafting is more your style, visit Plum Lake Quilts, a full-service quilt shop offering classes, longarm quilting services, fabrics galore, and an array of patterns and kits. Owner Pat Anderson has over 30 years of quilting experience.

"My business is not a whim. It's a passion of mine that I've had for a long time," states Anderson.

Customers not only enjoy shopping at Plum Lake Quilts, but they love the "Open Sew" every Wednesday, where women can socialize, compare ideas, and sew together.

STOCKING UP

For visitors simply looking for vacation essentials, stock up on supplies at The Corner Store in Sayner, and The Star Lake Store in Star Lake.

At The Corner Store, summer patrons will find an ample selection of grocery staples. Open daily from May through September, the Corner Store offers beer, wine, and liquor, as well as dairy, frozen foods, and camping and fishing supplies. Bike, kayak, and paddleboard rentals are also available.

Summer FAMILY FUN

Sayner-Star Lake is a year-round sporting paradise. In the fragrant woodland summer, warm-weather sports abound, whether you're a hiker, cyclist, golfer or water sport enthusiast.

Photo courtesy of Kate Reichl

THE HIKER

Your summer day can begin in Star Lake by enjoying **Tramper's Trails**. Then head to the Star Lake Interpretive Trail, featuring scenic boardwalks and interpretive signs along its lovely landscape, part of which is on a Star Lake peninsula.

In Sayner, just on the outskirts of town, Razorback Ridges trails offer 16 miles of exhilarating terrain and breathless views. Trail maps are available at The Corner Store on Highway N and other local businesses. Further down the road is the Fallison Lake Trail, a breath-taking trail with spectacular views of Fallison Lake. Booklets on wildlife, flora and trail history are available from the DNR Trout Lake Office and at the trailhead. Loops of .6, 1.3, 2.0, and 2.3 miles are available.

THE CYCLIST

Also in Sayner, the nationally recognized paved **Heart of Vilas County Bike Trail system** links smoothly northward to the Boulder Junction bike paths and westward to the St. Germain Trails. The Vilas County Bike Trail offers over 50 miles of paved forest trails exhuming scents of evergreen, wildflower, and loam. Six-feet wide with hills just challenging enough – you won't have to walk your bike uphill! Bike Trail maps are available at several Sayner businesses.

For a more rugged experience, head to **Razorback Ridges**. Here you will experience a different type of ride on 16 miles worth of mountain bike trails.

Don't have a bike? Not a problem. **The Corner Store, located on Highway N in Sayner, has bikes to rent**, and a full supply of Vilas County Bike Trail maps on hand. Says Corner Store owner Mary Debilzen, "We are your one-stop-shop for creating the perfect Northwoods Wisconsin experience."

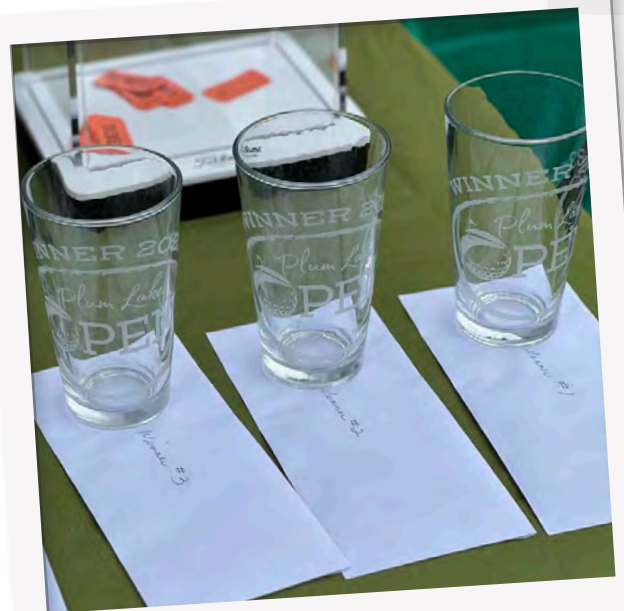

Photo courtesy of Shelby Szott

See page 16 for trail information.

THE GOLFER

The Plum Lake Golf Course, located on the south shore of Plum Lake, offers a challenging nine-hole course rich with history. Founded in 1912, it is the oldest nine-hole golf course in Wisconsin, featuring a turn-of-the-century clubhouse, wrap-around porch, and a spectacular view of the lake.

ON THE WATER

Swimming, boating and water sports opportunities abound in Sayner-Star Lake. For instance, Sayner's Crystal Lake is located next to one of the cleanest, clearest, safest swimming beaches in the Midwest. At just under 90 acres in size and a maximum depth of 67 feet, the water is clear and deep. It's a favorite for scuba divers as well as recreational swimmers. Crystal Lake beach is perfect for families of all ages. Come and picnic at the lovely picnic area next to the beach, or camp at several well-equipped campsites on the state-owned property.

Before you head onto the water, check out the canoes and kayaks available for rent at The Corner Store on Highway N. Next, you'll need to choose from the wonderful lakes in the area to paddle on. Just refer to the map in this booklet.

If a canoe or kayak isn't your cup of tea, find pontoon boats, ski boats, and fishing boats available for rent at **Nortech Marine/Technautic Powersports in downtown Sayner or at Premier Powersports and Marine just down the road in St. Germain.**

At the end of your day, enjoy the Plum Ski-TERS water ski show in Sayner on Wednesdays and Saturdays at 7:00 pm located at Statehouse Point - a short 2.5 miles down Razorback Road.

Fishing opportunities in the Sayner/Star Lake area abound. See pages 22-23 for fishing information.

A PLACE TO RELAX

Whether you're visiting in the spring, summer, fall, or winter, as the perfect day away comes to an end, find yourself relaxing at one of Sayner-Star Lake's accommodations. There are many things to consider when exploring lodging options for the perfect Northwoods getaway. Do you prefer a private vacation home or a cozy cabin with resort amenities? Are you a single traveler or planning a family reunion at the lake? Regardless of your travel needs or style, we have something for everyone in Sayner-Star Lake. Our year-round vacation destination offers resort cabins nestled in the woods, luxury lakeside vacation homes, and everything in between.

WHERE TIME SLOWS DOWN

No matter where you stay, time up north is anything but hectic. With

nowhere to go and all day to do it, you'll find that the clock almost slows down. Simply finding yourself in the Northwoods, breathing the fresh air, watching the lake's tranquil ripples, and hearing all of the sounds of nature will put you at ease.

UNBELIEVABLE SUNSETS

When you're on vacation, the sun seems warmer and brighter and the sunsets are nothing short of magical. Grab a seat and find the perfect spot for some of the best, right here in Sayner-Star Lake. Nothing beats the sun setting over calm waters. If you find the right spot, you won't know where the water and the sky start and stop - the reflections are almost tranquilizing. Just don't leave your camera at home, there are countless photo-worthy moments ahead!

WINTERY Wonderland

There's nothing like a snowfall in the Northwoods... the snow gently dropping to the ground and resting on the pine trees, and silent, lazy flakes dropping on your tongue.

ON THE TRAILS

Set your wintery journey in motion by taking advantage of the area's boundless cross-country skiing and snowshoeing opportunities. **Head over to Razorback Ridges**, which offers scenic trails, featuring varied terrains for beginner-to-expert skiers, as well as a warming shelter. The trail system is maintained by the Sayner-Star Lake Lions Club. After that, strap on your snowshoes and enjoy The Star Lake Nature Trail where you can find interpretive signs along the way with part of the trail on a peninsula that juts out into Star Lake. See page 16 for trail grid and maps, or visit www.sayner-starlake.org/trails for more detailed information.

THE SNOWMOBILER

If speed is more your style, then you've come to the right place! Sayner-Star Lake is known as a snowmobiling hot-spot. After all, Sayner is the birthplace of the snowmobile! Sayner-Star Lake is home to nearly 80 miles of groomed snowmobile trails, maintained by the Sayner-Star Lake Barnstormers – the local snowmobile club, who was recently inducted into the International Snowmobile Hall of Fame and named the 2019 ASCA Club of the Year. Take in the scenery as you ride through the wooded landscape of the Northern Highland-American Legion State Forest, over lakes, and past wildlife, providing some of the best riding in the region!

If you get hungry along the way, no worries! The trail system has great signage that will lead you to many excellent eating establishments, including The Sayner Pub, Stillwaters, The Hillside Tavern & Grill and Mar-ll's. Visit www.saynerbarnstormers.com for trail reports and more information about snowmobiling.

No snowmobile? No problem! Technautic Powersports/Nortech Marine in downtown Sayner and Premier Powersports and Marine in St. Germain offers snowmobile rentals to get you out on the trail.

ON FROZEN WATERS

Don't forget about the spectacular ice fishing in Sayner and Star Lake. Sayner-Star Lake is known as a prime fishing destination in northern Wisconsin, where you can catch panfish, crappie, walleye, and more. It's hard to beat a day of sunshine and fresh air while fishing on frozen waters!

Check with area accommodations for ice fishing packages that might be available.

HISTORY Haven

SAYNER-STAR LAKE MARKS THE 100TH ANNIVERSARY OF THE FIRST SNOWMOBILE

The first snowmobile was built in 1924 by a 25-year-old Sayner resident named Carl Eliason. An avid sportsman, Eliason had a foot disability that prevented him from trekking on snowshoes. After attempting to retrofit a Ford Model T with skis, he began work on a different machine, working in a garage behind the then-new General Store.

Eliason's invention was a hand-built marvel that would lead to some great things. It was essentially a wooden toboggan paired with skis, which were controlled by ropes. The machine was powered by a 2.5-horsepower liquid-cooled Johnson outboard boat motor, which powered a steel track. He called it a "motor toboggan." The machine was primitive compared to a modern snowmobile, but it introduced components that are featured in every snowmobile made today. Other inventors developed machines that traveled over the snow, but many believe Eliason's machine represents the first true snowmobile.

Eliason patented his "motor toboggan" and manufactured 40 of the machines until 1939 when he sold the manufacturing rights to the FWD Corporation. That company continued building the vehicles and once sold 150 of the machines to the U.S. Army to help defend Alaska. New competitors eventually emerged, and the final motor toboggan was produced in 1964.

Want to see this groundbreaking invention for yourself? You'll find the world's first snowmobile at the Vilas County Historical Museum in Sayner, an extraordinary collection of snowmobiles, including the original machine built by Carl Eliason in 1924. A small gift shop features books by local authors and old-fashioned toys.

Down the road, you'll find Eliason Lumber and Hardware, the birthplace of the modern snowmobile and the location of one of the oldest and most unique stores

in northern Wisconsin. Check out Eliason's storefront window display, where you'll find many antique collectibles, including a player piano and snowmobile. Be sure to stop inside to learn more about Sayner's history.

Take a ride through the beauty and heritage of Sayner-Star Lake.

Memories OF SAYNER-STAR LAKE

"The Brennan Family has been coming up to Star Lake since "As a young boy, I spent many summers in Sayner. We had property on Razorback Lake, across the street from Mike Froelich's cabins. Every Saturday he would show movies on the back wall of his candy store." **-Gary Monilav**

"Summer and Fall were my favorite times in the area. Used to hunt off Razorback Road and stay at Hintz's North Star. In fact, I stayed many times in the old lodge that was haunted. My niece gave me a painting she did of the Minnow Ladies Shack." **-Larry Obermann**

"Our family has owned a place in Sayner on Plum Lake since the 80s and we absolutely still love it up there and the surrounding areas. It's such a joy to spend time there and we are so thankful my parents got us going up there so long ago. My children love it too! Great memories!!!"

-Jennifer, Eric, Mikayla, and Kevin Stapleton

PLUM LAKE LIBRARY

The Plum Lake Public Library in Sayner offers everyone - young and old - something to pique their interest. Enjoy pleasant reading areas and browse its library shelves for items to satisfy your reading, studying, or research work. The library offers access to computers, a printer, a copier, a scanner, a fax machine, and 24/7 free Wi-Fi. The recently remodeled youth area provides a wonderful array of stimulating toys and activities for children and teens to enjoy in the library as well as a wonderful selection of books, videos, audiobooks, graphic novels, puzzles, and games to check out.

The library's summer reading program offers an assortment of activities for children, from science and craft projects to live animals and guest performers. Be sure to stop by on Wednesdays at 10:00 am for the weekly preschool story hour for stories and crafts. Business hours and program times vary, and are subject to change - please be sure to check the library's website at plumlakelibrary.org or visit its Facebook page for current schedules.

Fishing

GREAT FISHING, ENDLESS MEMORIES

They say that life is more about the journey than the destination, but those who fish the waters around Sayner and Star Lake in Northern Wisconsin will tell you that both can be equally thrilling.

The community sits in the heart of more than 7,500 acres of water created by the convergence of the Manitowish and Wisconsin River basins. So, whether you are an early-morning angler zipping toward your favorite spot for muskies, or a parent with a pontoon boat full of first-time fishers, you'll find everything you need to create fish stories galore.

Beneath these waters lurk everything from monstrous muskies and walleyes to enough bluegills, crappies, bass, and perch to fill any stringer.

From shore, you'll find plenty of resources to make your trip as easy and successful as possible. There are more than 30 boat landings in the surrounding area and merchants with all the supplies you'll ever need. Trouble with your boat? **Technautic Powersports/Nortech Marine in downtown Sayner and Premier Powersports & Marine in St. Germain** provide full-service marine care.

Partly due to the 18-inch minimum required to keep a small-mouth bass or walleye (a regulation imposed by the Wisconsin Department of Natural Resources to control crayfish populations in the Town of Plum Lake) and partly due to the simple fact that smallmouth bass and walleye thrive in the cold-water temperatures of Wisconsin's Northwoods, the fisheries in the Town of Plum Lake are teeming with fish.

Aside from trophy muskies and smallmouths, which often appeal to more experienced anglers, Plum Lake's fisheries also offer an abundance of panfish that most children and beginners can catch easily.

Just don't forget to glance up from the end of your line on occasion to catch a view of what's truly important – the wondrous colors of a

beautiful fall day, the glistening dew of an early spring morning, the reflection on the water of an eagle soaring overhead, the distant call of a loon, or the excited laughter of your child as that bobber disappears below the surface. It's almost enough to make you forget the rare occasion when you motor home empty-handed.

Visit sayner-starlake.org/fishing for more fishing information.
